

2021 Virtual KG Schedule

Welcome everyone to another KG Online! We know it is not the same. There are no trees, people, bugs, shenanigans or unicorns. But there can still be magic and enchantment. To everyone, stay safe and know that you are not alone. Still, there were few offerings this year. We know people are tired and zoomed out. And that is okay. Join us if you wish but we understand if you are just over online!

This year, we shall have some Zoom events and others will be on the [Kaleidoscope FB Group](#) by schedule (the daily [Shrine Trail Live](#)) or as surprises ([RKKG Radio](#)). See below for a note about [Technology](#). And don't forget the [KG Marketplace](#) where KG vendors will provide wonderful surprises for you to buy.

Thank you for joining us at this Virtual KG. Never forget: YOU are the magic that is KG.

Gnome or fairy home – for Witchlings and crafters – Hilary!

Macrame Planter! - Coco

This is a hands-on workshop where you will be able to start (and maybe finish) making a macrame hanging planter. I can arrange to host a second drop in session for those who need help finishing their projects. You will need: scissors, measuring tape, 34 metres of macrame cord cut into eight cords of 4 metres long and two cords of 1 metre long, sticky tape (packing tape works well), a plant pot the same size that you want to use in your hanging planter, beads are optional - if you want to add beads make sure that the hole in them is wide enough to accommodate your macrame cord. (See photo of finished product)

MushroomDream Pillow – Witchlings sewing club – Hilary!

Witchlings should be able to thread needle, tie knots, and be able to do a running stitch. Materials needed: Need to print attached template, sharp scissors, needles, thread, 4 Felt pieces in 3 colours (2 white/brown sheets for the base, 1 colour for top, scrap felt for spots), herbs and batting to stuff. Please cut out template and felt before so we have more sewing time. Witchlings should have help nearby from an “adult”. More info [here](#).

Rituals

Closing - So Long & Thanks for all the Fish!

The world is zoom-ed out. There has not been a lot of offerings this year, but the KG staff have tried to put a little sparkle in your lives. Now, we say goodbye with a firm and confident belief we shall gather in circles, in the woods, among friends and friends not yet met, next year.

Grieving Ritual – Coco

We have all been through a lot over the past 16 months of pandemic and many of us are carrying a lot of pent-up grief that we have been unable to release. Please find yourself a safe place to do this ritual where you will feel comfortable releasing grief down into the earth where it can be transformed by the earth's fiery core.

Opening Ritual & Surprise!!!! KG STAFF

KG 2021 Virtual Edition Opening will recognize that we never expected a second year. With Phase 3 in Ontario and having RK opened in June, there will be some people on site, but nothing like KG. But KG Staff have been busy working on something for you all, in order to

experience KG and RK in some manner. I hope you will love it. So, join on Zoom, and if you have access to a PC or Mac, the link to the SUPER SECRET SPECIAL SURPRISE will be shared, and we shall all explore together.

Techno-Spirituality: An Exploration from L5 – DarcSyster!

This year, given our virtual nature, this will be more of a guided imagining of a ritual than an actual ritual. In doing so, we hope to explore the nature of spirituality from a different perspective. There will be the traditional blessing of the technology so please bring your cell phones, laptops, tablets, and other such devices to be blessed. Whatever device you attend the ritual using will automatically be blessed. In this blessing we will also be including any and all cybernetic enhancements (prosthetic limbs, artificial joints, vision enhancement technologies including contact lens and glasses, hearing enhancement technologies, and so forth.) Unlike in the past, we will ask that during the guided imagining, notifications be silenced. The traditional techno-divination will occur later during the post-ritual discussion.

Special Events

Bardic! – Angus

Angus McGregor will be hosting the Bardic live from the Knoll! Those on site will be able to watch you on a screen and you can hear their cheers

Dance Party! – Grey Wolf

Join in Grey Wolf from the Raven Stage where he will delight us with music to dance to. Whether on site or in your living room, join together to dance like it is ... 2022! 😊

RKKG Radio!-Grey Wolf

Yes, live from the Knoll to a living room near you. Join GreyWolf and magical friends for shenanigans and giggles. These will be livestreamed or posted on the Facebook group throughout the week. Because planning shenanigans and silliness ...

Pride Time – Sebastian & Raven

Hey folks, join us on Zoom for a spot of time as we celebrate our Pride! We will enjoy a performance from Ottawa's own Frank 'n Beans and spend a moment raising our Pride Flag, plus make some time chat. Some topics will include Queer Magick, Pagan/Heathen Queer stories, and favorite Queer histories! So if you have any of these please feel free to attend and share! Please be sure to include TW/CWs if needed. If you're more comfortable as a listener, just bring your ears! :) See you then!!! (This is an event for adults only, as the Drag King part may not be child-friendly!)

Wine & Cheese – Ron

With all that is going on in the world today, there still needs to be an opportunity to celebrate the "enchanted lives" that we do have, in terms of friends, family and community. In this context, this year's KG Wine and Cheese will be virtual opportunity to reconnect with old friends (as well as connect with new friends), and to just enjoy a beverage of your choice (with cheese of course...there must be cheese...) Given the virtual nature of this event, we aren't able to share our bounty as we usually do, but would encourage everyone to share

something they have discovered over the past year, be it new wines, cheeses, or anything that tickles your fancy. Look forward to seeing all your shiny faces.

Technology

Zoom: By now, you are all likely Zoom experts. But just in case ... To enter a “zoom room”, you can either open Zoom and enter the ID # and password (PW), or follow the link and do the same. You can download Zoom for free here: <https://zoom.us/download>

We ask everyone to mute themselves when the presenter is speaking. You can unmute for questions. It keeps the feedback and other noises to a minimum. You do not have to use the video feature if you choose not to, or put it on and off. We do recommend changing your name (go to “participants”, and you will be at the top – you can rename it there) so that if you ask a question you are not known as iPad42 or whatever.

So that our presenters can focus strictly on their material, we have KG staff as “zoom drivers” to allow people in, monitor the chat, and direct presenters to questions. It is difficult to concentrate on what you are saying/doing when you are trying to read the chat. ☺ They will approve people coming into the meeting and keep track of time for presenters. If you click “Presenters” they will show up as “hosts” in case you need any assistance. They are there to help you out; happiness facilitators!

Facebook: Some events may be on Facebook Live at <https://www.facebook.com/groups/2257442902> Some are scheduled and some will be shenanigans!

Secret Surprise: To prepare for a Super Secret Special Surprise, if you have access to a Mac or PC, please download Chrome as a browser.
