During KG: Children's Progra.m.

Hours: 10 a.m. until 1:00 p.m, unless otherwise noted

Progra.m.ing at the Munchkinland Cabin usually runs from 10:00 a.m. to 1:00 p.m.. If the door has a "Closed" sign on it and the lights are out, please do not come in – this area is only used for progra.m.med workshops.

Children over five can be left at Munchkinland but parents must advise staff of where they can be found. Please sign your child in and out, and accompany children under 5 years of age. Many teens who are "graduates" of Munchkinland and have taken their babysitting course are available to help your young ones if you need to present a workshop or vend. You can inquire as to who is available, but this is not a service offered by KG or Raven's Knoll; it is strictly a private arrangement.

This schedule includes the official Munchkinland progra.m., as well as other workshops and event that would appeal to younger audiences. There is not a limit of the age of kids welcome and if adults want to come and join us for an awesome craft, please do!
